

MassHealth Adult Disability Supplement

Instructions for Completing the Supplement

You have indicated that you have a disability. Disability standards require that the disability has lasted or is expected to last at least 12 months.

MassHealth's Disability Evaluation Service (DES) will review your disability. As a result, it is **very important** that you **complete** the attached MassHealth Adult Disability Supplement.

To receive MassHealth based on your disability you need to tell us:

- information about your medical providers (the doctors and medical facilities where you have received treatment); and
- information about yourself: your work history for the past 15 years, your educational background, and your daily activities.

Completing the Disability Supplement will give us this information and will help us make a decision promptly.

Please read the following instructions before beginning.

- Print, type, or write clearly and complete the supplement to the best of your ability.
- Sign and date a Medical Release Form for **each medical provider** you listed on the supplement.

After you have completed the supplement and submitted it to your MassHealth Enrollment Center, the supplement will be forwarded to the DES for review. The DES will request your medical records from the providers you have listed. If more information is needed, or if further tests are required, a member of the DES will contact you.

Your eligibility will be determined more quickly if **all items** on the supplement are completed. If you have any questions or need help with the supplement, you may contact a MassHealth eligibility worker at the number listed below. You may also call the DES Disability Supplement Hotline for help in filling out the supplement at 1-888-497-9890.
